ABOUT MOVING ARTS

Called "The tiny Silver Lake theatre with an enviable reputation," Moving Arts is dedicated to the production of original works. Founded by Lee Wochner and Julie Briggs in 1992, Moving Arts has produced many world, national, west coast and Los Angeles premieres. Moving Arts began as a 22-seat venue in the Silver Lake area and quickly grew to become a resident artist company that includes actors, directors, producers, designers and playwrights.

For the past 19 years, Moving Arts has continuously produced adventurous new plays and an annual one-act festival in a variety of venues across Los Angeles, ranging from traditional theatres such as [Inside] the Ford in Hollywood and the Los Angeles Theatre Center, downtown to nontraditional spaces such as the Natural History Museum and the parking lot across from Disney Hall, showing a remarkable versatility and commitment to the craft of theatre.
